There is plenty of opportunity here for flexibility, training and development, improving work-life balance and general health and wellbeing. The leadership team cares about our culture and has a number of strategies and activities to ensure we are engaged and motivated.

### About you

- CA or CPA qualified
- 4 years+ public practice accounting experience
- Desire to work with a CBD team that is growing
- Strong attention to detail and accuracy
- Team player who works well in a collaborative environment
- Capacity to think critically
- Great written and verbal communication skills
- Process oriented – excited about streamlining systems to gain efficiencies
- High level of integrity
- Sense of pride in your work
- Sound understanding of Australia's taxation, financial reporting and privacy laws
- Knowledge of payroll issues for clients
- Strong communication and interpersonal skills, with high attention to detail

### About us

- Strong purpose and mission to support our team and our clients
- Attractive and modern offices and equipment
- Collaborative team culture
- Regular social events
- Training and Development Program
- Community and charity support through our Giving Program
- Staff bonuses
- WFH arrangements

### Responsibilities

- Assisting client managers in the management of a portfolio of clients – typically SMEs and high net worth individuals
- Preparing tax compliance for all entities
- Providing input into strategies around budgeting, cash flow planning, tax structuring, tax planning, business structuring
- Identifying and managing GST, FBT and Div7A issues
- Assisting with the supervision of junior staff, including providing on the job mentoring
- Maintaining an ongoing awareness of the industry, including legislation changes
- The ability to process an accurate set of financial statements from start to finish with minimal input after an initial job plan has been provided
- Awareness of ATO obligations and the timing of such
- Intermediate to advanced Xero knowledge

- Intermediate knowledge of MS Excel or Google Sheets
- Must be computer savvy and have strong email management skills
- Ability to work independently, with strong self-organisational and time management skills
- FYIdocs experience an advantage
